and over 80 carriers

GlobalMeet for Skype Server

Superior Global Coverage at a Lower Cost

GlobalMeet for Skype Server seamlessly integrates world-class global audio conferencing into your Skype Server environment. It provides a single, unified user experience, eliminating any customer burden and lowering your total cost of ownership.

Provide a Unified User Experience

GlobalMeet provides a consistent user interface with the native Skype Meeting controls backed by our expansive global coverage and 24/7 global support with access to local language representatives.

Lower Your Total Cost of Ownership

Reduce your network, server and software costs by leveraging our advanced call routing, meshed network and global buying power. GlobalMeet eliminates any burden from customers, including global network and audio carrier management.
